

Beating the Drum for ARPA Award 2022

The Beating the Drum Award recognizes individuals who have offered tremendous support of the Association above and beyond the call of duty. ARPA is proud to announce the recipients of this very special recognition have served with distinction. Recipients of this award are individuals that have spent a significant amount of time on politically challenging, regulatory matters, community relations or highly technical issues facing the industry. They are noted for their overall expertise and diplomacy in order to create positive change for our members.

Tori Tang of Calportland has been and continues to be a tremendous asset to our Community Relations Committee. The best thing about Tori is how humble she is, but make no mistakes, she is as competent and capable as they come. I admire her professionalism, dedication and contributions to the ARPA Future Leaders Committee, Community Relations and various sub-committees & the all-inclusive approach to everything she does. The ARPA staff has truly enjoyed working with her. Tori NEVER misses an opportunity to participate in ANYTHING ARPA related. She loves this industry, and it shows. Notably, she is the youngest person to ever receive this award.
