Certificate of Conformance for Concrete Production Facilities

It is hereby certified that

Martin Marietta, Plant #322 5899 N Wilkinson Drive—Prescott, AZ

has been inspected by the undersigned registered professional engineer for conformance with requirements of the "Check List for Ready Mixed Concrete Production Facilities." As of the inspection date, the facilities met requirements as stated below.

Operation: Truck Mixing

Batching System: Fully Automated

Recording: Cementitious, Aggregate, Water, Admixture

Executive Director

02/14/2025

Date signed by ARPA Executive Director

02/12/2025

Inspection Date

02/12/2027

Expiration Date

Arizona Rock Products Association

This Company will maintain these facilities in compliance with the Check List requirements and will correct promptly any deficiencies which develop.

Notice: The check list indicates only that plant facilities are satisfactory for the production of concrete when properly operated. Conformance of the concrete itself with specification requirements must be verified by usual inspection methods in accordance with sales agreement.

12. Verification of Inspection and Application for Certification (CONTINUED)

The undersigned, a registered professional engineer in Arizona (state, territory, or jurisdiction)								
has conducted the inspection of the ready-mixed concrete plant described as								
(please print specific designation and location of plant)								
and asserts, in his professional judgment, the information provided on this Check List is accurate and complete. Application is hereby made for the issuance of a certificate for this plant, to be classified as follows:								
General Operation	Batching System F	tecording (if any)						
Truck Mixing	Manual	Cementitious						
Central Mixing	Semi-Automated	Aggregate						
Both	Fully Automated	Water						
	V	Admixtures						
	formance cannot be issued if any of the not PLANT INSPECTION REPORT (pg 12 & 13) are (signature of engineer Donald L. Cornelison (name, please print) (signature of engineer's assistant)	e marked with an "X". Profiss 3 - 4 Engine OF 23216 DONALD L. CORNELISON ARONA, U.S. 1.
