Safety Is Our Common Concern

ARPA Producer Members:

It is time for the ARPA Annual Safety Awards Luncheon once again! We are excited to honor Producer Member companies that have earned safety recognition for the year 2020. Enclosed you will find the entry form along with a rules sheet that explains the award program. Please include all requirements with your submittal to be eligible to receive an award. (Note: Please do not use an old entry form, as some items may have changed.)

Once you have completed the entry form, return it to the ARPA office no later than March 19, 2021.

The awards ceremony will be held on Thursday, April 22, 2021 at the Embassy Suites Scottsdale Resort. We look forward to celebrating your company’s safety achievements for the year!

If you have any questions regarding the awards program, please contact: Bri Kadlec at (602) 675-4405 or by email at brianna@azrockproducts.org

Safety is a responsibility that must be shared equally and without exception throughout our industry.
# ARIZONA ROCK PRODUCTS ASSOCIATION SAFETY RECOGNITION AWARDS RULES

<table>
<thead>
<tr>
<th>ELIGIBILITY</th>
<th>All ARPA Producer Member companies.</th>
</tr>
</thead>
<tbody>
<tr>
<td>CLASSIFICATIONS</td>
<td>Participating companies divided into classifications according to employee hours worked (Arizona employees only).</td>
</tr>
<tr>
<td>GUIDELINES</td>
<td>After all entries are received, a safety sub-committee will determine awards based on the hours reported by the participating companies.</td>
</tr>
<tr>
<td>TIME PERIOD</td>
<td>The award recognition covers a twelve (12) month calendar period of January 1 - December 31, 2020. All entries must be submitted to the ARPA office no later than March 19, 2021 by the close of business to be eligible. (Please be advised that all applications received past the deadline will be deemed incomplete if they do not include OSHA 300A summaries and/or MSHA 7000-2 reports and will not be considered for an award. No exceptions will be made for incomplete or late entries.)</td>
</tr>
<tr>
<td>AWARDS</td>
<td>Award winners will be determined from the Lost Time Rate (LTR), Incident Frequency Rate (IFR) and safety program documentation presented in the award application packet. LTR and the IFR will be combined to determine the winners in each category. These classifications apply to all aggregate, ready-mix concrete, asphaltic concrete, cement, asphalt and contracting producing companies. <strong>Please note: All incidents, injuries, and fatalities are preventable outside of an “Act of Nature.” If a member company suffers a fatality, that company will be disqualified from receiving a safety award for that year.</strong></td>
</tr>
<tr>
<td>STANDARDS</td>
<td>A Lost Time Accident (LTA) is defined as an accident in which an injured employee cannot return to work for his/her next regularly scheduled shift. An Incident Frequency Rate (IFR) is defined as an incident in which an injured employee returns to work for his/her next regularly scheduled shift and is an injury that is OSHA 300A or MSHA 7000-2 recordable or reportable. The accident/incident frequency rate is measured by multiplying the yearly total number of lost time accidents by 200,000 divided by total employee hours worked. <strong>Please note: This number is an arbitrary number used by the safety industry to represent 100 full-time workers working 40 hours per week divided by total worker hours for 50 weeks a year.</strong></td>
</tr>
