

ARPA PRODUCER OF THE YEAR AWARD 2023

22 JUNE 2023

VULCAN MATERIALS COMPANY

This recognition is given to a standout producing member company that participates on all fronts and also supports the Association's mission. Every year we honor one company for outstanding contributions to the organization.

Vulcan Materials Company was selected AGAIN this year due to the support and leadership from their exceptional team. They serve the industry internally with our technical work and externally by working with MAG, various municipalities, and county, state, and federal agencies. Furthermore, they have a significant presence at the DC Fly-in where ARPA works with our congressional delegation. Vulcan staff supports all ARPA events, fundraising activities, and charitable contributions. Vulcan is represented on about every one of ARPA's 13 committees, and holds a leadership position at every level, and we cannot thank them enough for the value they provide to the association and industry.
